Reviews

Definitely among the best ebook I have actually go through. I have read and i also am confident that i am going to likely to read once again once again later on. I am just very happy to explain how this is actually the finest publication i have read in my own daily life and could be he greatest pdf for at any time.

FABER & FABER, United Kingdom, 2011. Paperback. Condition: New. Main. Language: English. Brand new Book. The Soviet Union was founded on a fairytale. It was built on 20th-century magic called 'the planned economy', which was going to gush forth an abundance of good things that the penny-pinching lands of capitalism could never match. And just for a little while, in the heady years of the late fifties, the magic seemed to be working. Red Plenty is about that moment in history, and how it came and went away; about the brief era when, under the rash leadership of Nikita Khrushchev, the Soviet Union looked forward to a future of rich communists and envious capitalists, when Moscow would out-glitter Manhattan, every Lada would be better engineered than a Porsche and sputniks would lead the way to the stars. It's about the scientists who did their best to make the dream come true, to give the tyranny its happy ending.
